_____ **MMR**
_____ **or Measles**
_____ **or Mumps**
_____ **or Rubella**

_____ **HiB (Haemophilus influenza B)**
_____ **Hepatitis B**
_____ **Varicella Zoster**

AUTHORIZATION

PARENT'S AUTHORIZATION AND PERMISSION TO PROVIDE EMERGENCY CARE: To the best of my knowledge, this medical history is correct and complete. I know of no reason to restrict my child's activity and give my permission for participation in all activities except as specifically noted herein. I understand that part of the camp experience involves activities and interactions that may be new to my child. These things come with certain risks and uncertainties beyond what my child may be used to dealing with at home. I am aware of these risks, and I am assuming them on behalf of my child. I realize that no environment is risk-free and so I have instructed my child on the importance of abiding by camp rules. My child and I both agree that he or she is familiar with these rules and will obey them. I hereby give my permission to the camp staff to provide routine health care, administer prescribed medication and seek emergency medical treatment for my child. I consent to have my child use sunscreen s/he has brought or the camp has supplied, which is approved by the FDA for over the counter use to avoid overexposure to the sun. My child may be assisted by unlicensed camp staff if s/he requests or as needed. In the event I cannot be reached in an emergency, I hereby give permission to the medical personnel selected by the camp to order X-rays, routine tests, treatment and transportation for my child. I also hereby give permission to the physician selected by the camp to secure and administer treatment, including hospitalization, for the person named above. I agree to the release of any records necessary for evaluation, treatment, referral, billing or insurance purposes. This completed form may be copied for trips out of camp.

MEDICAL AUTHORIZATION: I authorize any physician, nurse or other health care provider to communicate with the medical staff and directors of LakeView Day Camp, or his/her designee, about my child's medical condition, treatment and/or prognosis. We further authorize the camp medical staff to discuss any medical conditions with the directors, his/her designee, the camper's counselors, division leaders and other camp staff when the medical staff, in its sole discretion, believes such communication to be in the best interest of my child.
